

ACRYLIC PANEL ALTERNATIVE ACRYLICS

Discover the alternative to the habitable space glass room with the non-habitable space acrylic panels. When in the closed position, they offer protection from the outside elements. When they are opened, they allow 50% airflow through the screened area. Vents are removable, allowing total screen room ventilation.

You deserve precision, superior quality and real value from a name you can depend on.

HORIZONTAL XX ACRYLIC PANELS

SUPERIOR CONSTRUCTION

Horizontal acrylic panels are custom-made to fit your existing openings. Acrylic panels feature sturdy aluminum frames in white or bronze with 3mm and 4mm acrylic, clear or tinted.

Easy one-finger slide from side to side with specially designed rollers, featuring a special designed locking system. This provides a safe and durable product for screen enclosures on golf courses. Safe for children and pets. You'll appreciate the durability of Custom Window Systems, Inc. XX Acrylic Panels.

Fully automated acrylic optimizer provides precision cutting within one thousandth of an inch.
