

The First Step in
the Alcoa Living
Design Collection

A perfect start for all your dreams. Mill Creek is beautiful on its own and exceptional when matched with *Alcoa Living* shutters, soffit, fascia or architectural accents like gable treatments and door surrounds.

ISP™ Comprehensive Performance Testing

- To meet Alcoa's ISP™ (Integrated Standards of Performance) codes, Mill Creek siding undergoes comprehensive testing to predict performance.
- To ensure strength, rigidity, wind resistance and weatherability, products are subjected to a battery of tests to earn the right to carry the Alcoa name.

Vertical height Weathering site impact test

GELOY® Sun Protection

- Mill Creek uses GE Plastics' high-performance resin to add extra UV protection to our deep, vivid hues.
- The result protects the color, resists fading and maximizes long-term weatherability.

With GELOY resin

Without GELOY resin

.040" Thickness for Strength and Durability

- Thickness creates a durable exterior that retains strength, stability and good looks year after year.

Full Lock Dimension and Full-Length Return

- Mill Creek's full-size lock provides more contact area than smaller locks found in economy panels, so it's less likely to shift and come loose.
- The full-length return featured in Mill Creek's locking system provides greater depth and more locking area, contributing to a performance-oriented panel that stays secure even in high winds.

3/8"

Competitor

Full 1/2" Projection

- Mill Creek takes economy into a new dimension by adding a full 1/8" more to the projection height of standard siding, increasing the siding's rigidity for a smoother, straighter appearance.

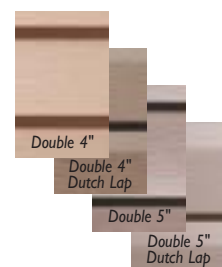

A Medal-Worthy Warranty

- Alcoa stands behind Mill Creek's quality with a "best in the business" warranty—the Registered Medallion Lifetime Limited Warranty.

Distinctive Profiles

- Because architectural designs vary, there are a number of profile heights and textures to complement each home's unique design.
- Double 4" produces soft, defined shadows for a traditional look.
- Double 4" Dutch Lap creates a slightly more defined shadow.
- Double 5" provides an eye-catching, classic appearance.
- Double 5" Dutch Lap brings a deep shadow line to add detail and style.

Rustic woodgrain finishes paint a charming picture on country lanes and cozy cul-de-sacs. See nature's reflection in your home's exterior. Capture the landscape's hues to create a timeless look.

Alcoa Classic Living Siding makes it easy for you to enhance your home's curb appeal with classic looks to complement the beauty and durability of any home.

Explore our series of Alcoa's time-honored siding. With our Mill Creek line, the rustic look of wood in a striking selection of colors can enhance your home's exterior for a lifetime.

Enduring Quality...

With Mill Creek, maintenance is a thing of the past. Enjoy long-lasting good looks with little or no upkeep. Mill Creek never peels, blisters or needs painting or staining and it's resistant to rot and insects.

Proven Performance...

Rain or shine, Mill Creek's advanced compounds and high-performance resins resist life's little bumps and bruises so scratches virtually disappear, the color stays fast and the weather rolls right off, season after season.

Double 5" Dutch Lap in Silver Grey

Alcoa Home Exteriors makes it easy for you to raise your home's curb appeal with fresh ideas, innovative designs, and vibrant colors from our *Alcoa Living Design Collection*.

The system starts here, with America's finest selection of siding. Then we add an outstanding collection of shutters, window treatments, and finishing details that coordinate beautifully.

And with all of *Alcoa Living Design Collection's* exterior products, you get long-lasting beauty, rugged durability, and exceptional performance that's virtually maintenance-free. And it's backed by the "Best in the Business" Lifetime Limited Warranty for worry-free performance.

Hue Won't Believe It...

Mill Creek color creates a natural look that resists the elements—impact, weather extremes, pollutants... even the sun.

And because the color is part of the siding itself, Mill Creek hues go beneath the surface for long-lasting beauty.
