

Double 4" in White

The Science of Design

T-Lok Barkwood PROFILE

Revolutionary T-Lok™ Design

Mastic's T-lok® technology sets the standard for performance for locking siding. Its proven track record has earned a 30-year reputation as the most recommended siding among contractors. It delivers a positive locking action that assures panels hang straight, join tightly, and resist blow off, even in high winds.

.048" Thickness

Superior thickness and impact formulation provides 25% more impact resistance than standard .040" panels. T-lok Barkwood's sturdier, more rigid construction hangs straighter, conceals minor wall imperfections and delivers maintenance-free durability for years and years.

Exclusive Duranyl® Formula

Mastic's exclusive compound formulation enhances durability by making siding more resistant to cracking, impact, and thermal distortion. And Duranyl's color saturation process insures superior nick and scratch resistance.

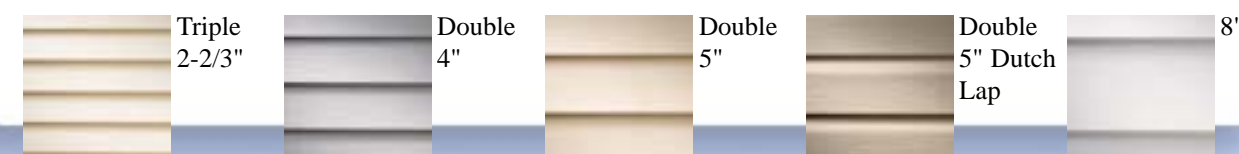

GELOY® Sun Protection

T-lok Barkwood uses GE Plastics' high-performance resin to add extra UV protection to our deepest, most vivid colors. The result protects the color, resists fading and maximizes long-term weatherability.

V.I.P. Warranty

There's more behind the Mastic name. Barkwood is backed by Alcoa, a name that inspires confidence. You'll get worry-free performance, long-lasting value, and beauty from an industry leader.

GELOY is a registered trademark of General Electric Company.

T-Lok Barkwood

Cover Home - Double 4" in Colonial Yellow

Double 4" in Colonial Yellow

Double 5" Dutch Lap in Sandtone

From Main Street to State Street, virtually every city and town in America has a T-lok Barkwood home.

T-lok Barkwood

The innovative beauty and durability of Barkwood revolutionized home exterior design 30 years ago. Today, with continued advancements, it still ranks as a perennial favorite and a true American Classic.

The Art of Color...

Stays Straighter

With T-lok Barkwood's .048" thickness and superior design, you get a panel that goes on straight and stays that way...even over minor wall imperfections... so your home always looks its best.

Resists Damage

You'll call it tough love...the beautiful way T-lok Barkwood resists bumps, scrapes, and whatever kids can throw at it to perform like a champ. No wonder it's America's favorite.

The Science of Design

Locks in Performance

Mastic's revolutionary T-lok technology makes Barkwood the choice for superior performance... both in installation and in long-term durability. Locks tight and stays secure...year after year after year.

Lasts Longer

Don't mind the weather and let the sun shine in. T-lok Barkwood is made of advanced compounds and high performance resins so scratches virtually disappear, the color stays fast, and the weather rolls right off, season after season. Plus, Mastic provides the V.I.P. Lifetime Limited Warranty for worry-free performance.

The First Step in the Alcoa Living Design Collection

A perfect start for all your dreams. T-lok Barkwood is beautiful on its own and exceptional when matched with *Alcoa Living* shutters, soffit, fascia or architectural accents like gable treatments and door surrounds.

- *Siding*
