- *Dentil Molding*
- *Rain Removal Systems*
- *Ventilation Systems*

Carvedwood₂ SERIES 2[®] P R O · F I L E

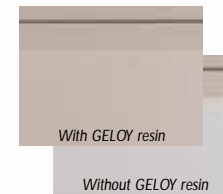

Exclusive T²-Lok™ Design

The second generation of Mastic's T-lok® technology delivers the same revolutionary positive locking action but with a wider locking mechanism for more contact area and a foldover nail hem for more rigid nailing surface. The result is a superior fit for added security and strength.

Exclusive Duranyl® Formula

Mastic's exclusive compound formulation enhances durability by making siding more resistant to cracking, impact, and thermal distortion. And Duranyl's color saturation process insures superior nick and scratch resistance.

GELOY® Sun Protection

Carvedwood₂ uses GE Plastics' high-performance resin to add extra UV protection to our deepest, most vivid colors. The result protects the color, resists fading, and maximizes long-term weatherability.

Full 5/8" Lap Projection

Deeper 5/8" panel laps engineered into the profile make Carvedwood siding more rigid for a straighter, stronger look. This superior design withstands warping and bending far better than standard vinyl siding.

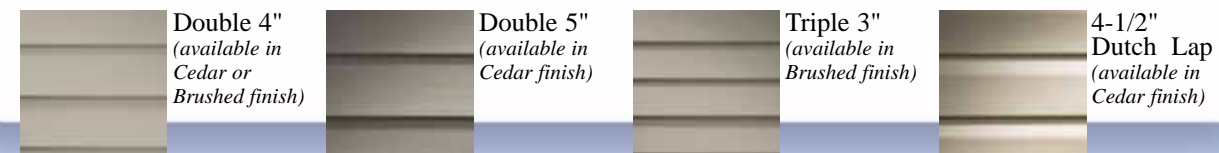

Two Textures

The design versatility of Carvedwood comes through in two distinct textures... natural cedar grain or the subtle brush-stroke of freshly painted clapboard. Each design comes in the full array of colors.

V.I.P. Warranty

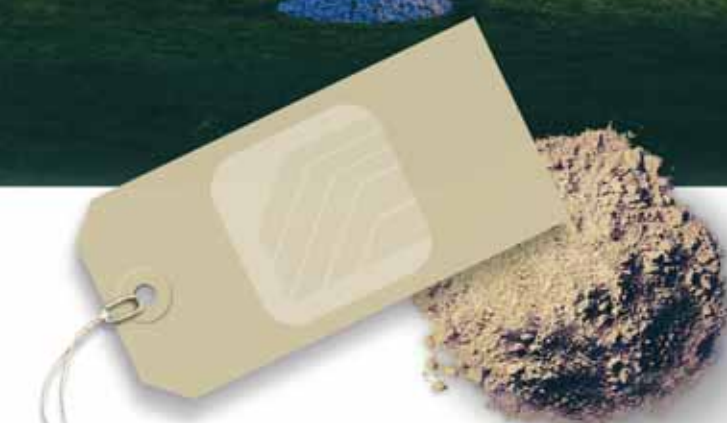

There's more behind the Mastic name. Carvedwood is backed by Alcoa, a name that inspires confidence. You'll get worry-free performance, long-lasting value, and beauty from an industry leader.

Cover Home - Double 4 1/2" Dutch Lap in Harbor Grey

Carvedwood₂ SERIES 2[®]

Alcoa Home Exteriors makes it easy for you to raise your home's curb appeal with fresh ideas, innovative designs, and vibrant colors from our *Alcoa Living Design Collection*.

The system starts here, with America's finest selection of siding. Then we add an outstanding collection of shutters, window treatments, and finishing details that coordinate beautifully.

And with all of *Alcoa Living Design Collection's* exterior products, you get long-lasting beauty, rugged durability, and exceptional performance that's virtually maintenance-free. And it's backed by the "Best in the Business" Lifetime Limited Warranty for worry-free performance.

It's All About Hue™

Vibrant colors and unlimited imagination coordinate your dreams with a beautiful Mastic reality. Explore our complete Color Guide for our exciting new collection.

Note: Colors shown are mechanically reproduced. They may vary from the actual product. Please refer to actual product sample for true color representation.

Double 4" in Pebblestone Clay

Classic colonials. Cozy Cape Cods. Awesome A-frames. The charm and value of Carvedwood₂ Series is at home with virtually every neighborhood look and style.

From the proper New England salt box to the sprawling California ranch, homeowners turn to Carvedwood₂ for its superior weather protection, versatile good looks, and an affordability that puts high quality and top performance within easy reach.

The Art of Color...

Distinctive Designer Finishes

Carvedwood₂ gives you the freedom of design with a choice of beautiful finishes...the look of natural cedar planks or just-painted look of brushed clapboard.

Locks On, Stays On

T²Lok™, the second generation of Mastic's revolutionary T-lok technology, makes Carvedwood₂ a safe, secure choice, even in 160 mph winds.

The Science of Design

Added Panel Strength

With a deeper projection and a rigid design system, you get siding that hangs straighter, resists warping and looks great...even years after it first goes on.

Lasts Longer

Don't mind the weather and let the sun shine in. Carvedwood₂ is made of advanced compounds and high performance resins so scratches virtually disappear, the color stays fast, and the weather rolls right off, season after season. Plus, Mastic provides the V.I.P. Lifetime Limited Warranty for worry-free performance.
