*Double 4" in Harbor Grey*

In distinguished neighborhoods and established communities across America, Mastic defines time-tested quality and superior design.

**QUEST<sup>3</sup>**  
 S E R I E S

The QUEST<sup>3</sup> Series provides the premium solution for homes that value the superior performance, beauty, and design that advanced technology delivers. QUEST<sup>3</sup>...unquestionably the finest siding made.

*The Art of Color...*

**FORMULATED FOR ENDURANCE  
 & FADE RESISTANCE**

Maintenance is now a thing of the past. QUEST<sup>3</sup> is made of advanced compounds and high-performance resins so scratches virtually disappear, the color stays fast, and the weather rolls right off, season after season.

*Double 4 1/2" Dutch Lap in White*

## *The Science of Design*

### **REMARKABLE TEXTURING AND COLORS**

QUEST<sup>3</sup> is available in 16 popular colors in addition to 14 premium colors.

QUEST<sup>3</sup>'s state-of-the-art layering process featuring our highest performance clear coat means that the handsome cedar grain you enjoy now in our dark and cedar colors is virtually the same as what you'll see years down the road.

### **TESTED TOUGH**

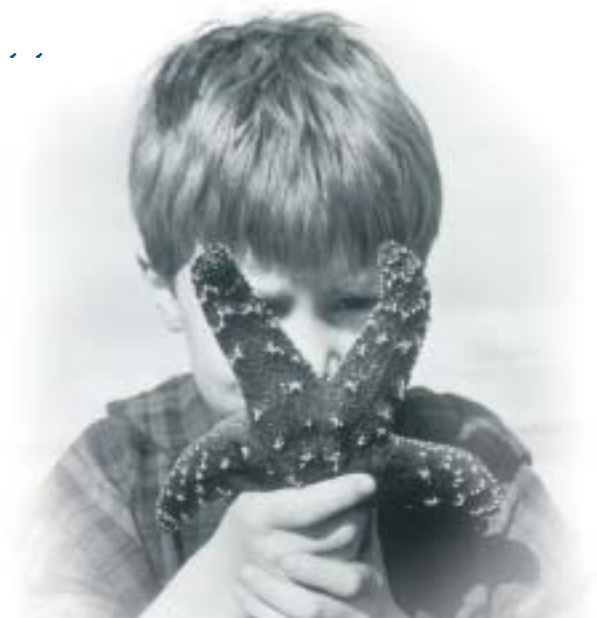

On your home, tough is good. QUEST<sup>3</sup> is produced with rigid standards of toughness and reliability. Constant analysis makes certain that quality is maintained, and strict adherence to specifications means that the standards of the American Society for Testing and Materials are met and exceeded. Plus, Mastic provides the V.I.P. Lifetime Limited Warranty for worry-free performance.

*Double 4" in Silver Grey*

*The Lifestyle... The Mood...*

*Double 4" in Montana Suede*

## *A Perfect Start For All Your Dreams*

QUEST<sup>3</sup> is beautiful on its own and exceptional when matched with the *Living* shutters, soffit, fascia or architectural accents like gable treatments and door surrounds.

# QUEST<sup>3</sup>

S E R I E S

The exclusive T<sup>3</sup> SYSTEM<sup>®</sup>

THREE keys to advanced quality.

## 1 Tornado-tough Nail Hem<sup>®</sup>

This unique double nail hem holds the panel so securely to the wall, it can actually withstand winds up to 190 mph.

Reinforced Nail Hem   Standard Nail Hem

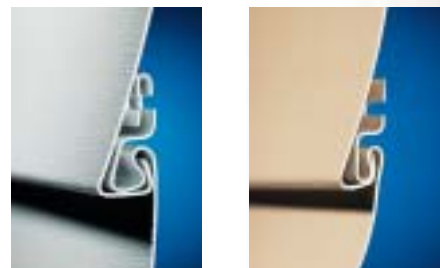

## 2 Tri-Linear Rigidity<sup>®</sup>

The profile of the panel shows how it has been designed to provide extra rigidity in three critical areas. With 3/4" lap, 3/4" return, and oversized locking system, the Mastic QUEST<sup>3</sup> Series siding stays straight and true—its performance unwavering.

QUEST<sup>3</sup> Series   Standard Vinyl Siding

Tri-Linear Rigidity makes the Mastic QUEST<sup>3</sup> Series 200% more rigid than standard vinyl sidings.

Wider, stronger, more positive locking action: that's T<sup>3</sup>Lok<sup>®</sup>.

## 3 T<sup>3</sup>Lok<sup>®</sup>

This panel-lock system creates whole-house integrity with its secure locking action. It is a heftier version of the Mastic T-lok<sup>®</sup> design that was made famous by Mastic T-lok<sup>®</sup> Barkwood<sup>®</sup> premium vinyl siding, an industry favorite for more than 30 years.

### Tornado-Tough Nail Hem

QUEST<sup>3</sup> features a double thick nail hem that's folded over on itself to provide greater stability and a stronger anchoring surface. As a result, the panel mounts so securely to the wall that it achieves maximum wind resistance, capable of withstanding 190 mph winds.

### Tri-Linear Rigidity®

The advanced profile design of QUEST<sup>3</sup> provides extra rigidity in three critical areas. With 3/4" lap, a 3/4" return and an oversized locking system, it stays straight and true with 200% more rigidity than standard siding.

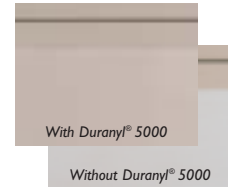

### Exclusive T<sup>3</sup>Lok® System

Mastic's newest, most secure panel lock system is a heftier version of the revolutionary T-lok® design introduced by Mastic T-lok® Barkwood® siding. Made with wider, stronger, more positive locking action, T<sup>3</sup>Lok is the choice for superior, whole house integrity.

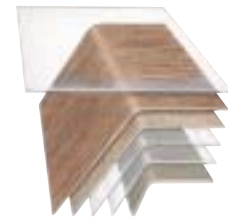

### Duranyl® 5000 Protection System

Mastic's exclusive Duranyl® 5000 protection system – a proprietary technology that provides unequalled defense of our richer colors, even in the harshest climates.

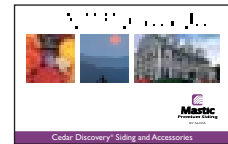

### Kynar 500® Bonding Process

QUEST<sup>3</sup>'s unique bonding process marries multiple layers of cedar graining and shading with Kynar 500, the tough clear coat film finish, for remarkable texture and enduring color.

### V.I.P. Warranty

There's more behind the Mastic brand. QUEST<sup>3</sup> is backed by Alcoa Home Exteriors, a name that inspires confidence. You'll get worry-free performance, long-lasting value, and beauty from an industry leader.
